THIRD REQUEST FOR ENTRY OF RESPONSE

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Office action mailed February 25, 2003 (Paper No. 6) for the above-identified application, Applicants timely filed a response, via facsimile, on April 21, 2003. Because this response was filed before the central fax number was established, the response was faxed to the number specified in the Office action (703-872-9314). A copy of the originally-filed response, which includes a Certificate of Transmission, and a copy of the transmission report accompany the instant request.

In addition to the above-noted response, Applicants have subsequently transmitted copies of the above-noted response to Examiner Mohandesi on two occasions - the first being on September 12, 2003, and the second being on November 14, 2003. On both occasions, the copies were transmitted to a fax number specified by Examiner Mohandesi (703-746-8156), who indicated that this was his personal RightFax number and that he would see to it that the response was appropriately entered. Copies of the respective Certificates of Transmission, and transmission reports associated with these subsequent transmissions are also included herewith.

Now, several months later, and after repeated telephone calls to Examiner Mohandesi, neither the original response nor the subsequently transmitted copies have been entered. Thus, on June 4, 2004, the undersigned placed a telephone call to the acting Supervisory Patent Examiner (SPE) for Art Unit 2834 (Mr. Darren Schuberg), informing him of the status of the application. During the conversation, Mr. Schuberg recommended that Applicants re-submit each of the previously filed/faxed papers and associated confirmations to the now-established centralized fax number (e.g., 703-872-9306).

In view of the foregoing, Applicants hereby request that the originally-filed response, which accompanies this paper, be entered and considered by the Examiner as being timely filed.
